RELISPRAY is a result of combining modern drug delivery system with time tested and powerful herbal medicines imbibing thousands of years of wisdom of ancient ayurveda. the formulations offers rubifacient analgesic anti-inflammatory agents available in micro fine particles penetrating the epidermal layer of the skin with the force of a spray.

The thought of getting a backache, a pulled muscle or an aching joint frightens you? It should. Especially if you have to rely on your long trusted favorite balm. Because all balms are semi-solid, they have to be vigorously massaged for better penetration. This could further damage the already damaged tissues. While you were only moaning in pain earlier, now you are shrieking in agony.

Relispray Simply spray it. Its innovative aerosol formulation penetrates quickly. While the natural goodness of camphor, clove oil and menthol works with other pain relieving ingredients. To give you quick and complete relief. Relispray. Because remedy to pain shouldn't be a torture
